## State Aid Budget Application - 2007-2008

### CentralBookAid

2.15 **Budget Narrative:** Provide a brief narrative, no more than five hundred (500) words, explaining how expenditures in the proposed budget application attain the goals and intended results described in the system's approved Five-Year Plan of Service for the funding year.

*Central Libraries Services: 5.21 - The Central Libraries plan calls for the two co-central libraries to provide reference, information, interlibrary loan and electronic materials resources for the member libraries and their patrons and by serving as incubators for innovation. CLDG funds will be spent on professional reference librarians who will deliver the required resources. CBA funds will be used to purchase adult non-fiction materials to support the needs of the member libraries and their patrons. Both central libraries will initiate a service for all patrons of downloadable audio books as part of their responsibility to serve as incubators for innovation.*
