

Mid-York Library System

State Aid Budget Application - 2007-2008

CentralBookAid

2.15 **Budget Narrative:** Provide a brief narrative, no more than five hundred (500) words, explaining how expenditures in the proposed budget application attain the goals and intended results described in the system's approved Five-Year Plan of Service for the funding year.

The Central Book Aid budget helps us accomplish the goals of the Plan of Service by supporting Resource Sharing. This year we are offering NOVEList and Newsbank.

We continue to purchase materials that benefit the entire system with input from the Central Library and other members.
