

## Library Development

### FY2008-2009 Awards Under \$14 Million Public Library Construction Grant Program, Listed by Public Library System/County/Library

By Public Library System

The New York State Legislature provided an appropriation of \$14 million in capital funds for public library construction in the 2008-2009 State Budget. (These funds are separate from the annual \$800,000 allocation for public library construction.) Libraries could apply for a construction grant that could fund up to 50 percent of a project. The minimum grant award was \$2,500 (for a total project cost of \$5,000 with matching funds from the library). The New York State Library awarded 177 Public Library Construction Grants to public libraries and public library systems.

#### Brooklyn Public Library

County	Senate District	Assembly District	Library	Street	City	Zip	Grant Amount	Project Description
