

LIBRARY FUTURES 2011

Staying Ahead of the Curve

Please join us for this conclusive webinar –

April 8, 2011

Cataloging: New Perspectives

In this follow up to last season's program on cataloging, Karen Coyle and Christopher Cronin provide an update on the developments influencing the direction of cataloging practices. Join us for a detailed review of the considerations and strategies for the effective sharing of library data and the roles librarians will play in the creation and management of bibliographic content.
