The Public Computer Center at the Moore Memorial Library is offering free computer training classes beginning November first. Six different classes are being given on a rotating basis throughout the month: Resume Building, Web Job Search, Computer Basics, Facebook 101, Word Basics and Genealogy. New classes and intermediate to advanced classes will be offered as our program grows and evolves. Call us at 656-9349 for registration information, or go to [www.greenenylibrary.org](http://www.greenenylibrary.org) *Programs and Events* to check out *Free Public Computer Classes*—follow the links!
