

# Summer Reading

AT NEW YORK LIBRARIES

## Library Trustees

Encourage children and teens to join the Summer Reading program at the public library!

**Summer Reading at New York Libraries** will help participants maintain and improve reading levels over the summer while they have fun with books, enjoy reading-related activities, use computers, create craft projects, and interact with their peers.

Studies show significant learning losses occur over the summer if children don't read, especially among those from lower income families. For additional details:
