New Online Resources

Mergent Online and Mergent BondViewer are now available from the New York State Library. As a New York State government employee, you have free access to these new online resources 24/7 from work or home with your NYSL Borrower's Card.

MergentOnline - The successor to the *Moody's Manual* series, Mergent Online provides a wealth of financial and directory-type information. For global public companies, it includes up to 15 years of customizable financial statement data, company histories, *Moody's* debt ratings and much more. Information on over 1,000,000 private companies worldwide is included in a *Dun & Bradstreet* component. A report builder function allows customizable analysis of the data.

Mergent BondViewer - Mergent BondViewer offers a wide range of up-to-date information on municipal and corporate bonds including ratings from *Moody's*, *Standard and Poor's* and *Fitch*. It has advanced search capabilities by company and industry and allows the creation of customized reports.

To use these new online resources, you will need a NYSL Borrower's Card and PIN. If you don't have a NYSL Borrower's card, send an email to Circ@mail.nysed.gov or call the Circulation Desk at 518-473-7895 to request a Borrower's card application for NYS government employees. If you have questions about these or other online resources available from the NYSL, contact staff at the Reference Desk at 518-474-5355.

Podcasts 101

A podcast is a set of digital audio or video files that can be downloaded from the Internet to a mobile device or computer. To automatically download podcasts to your computer or MP3 player you need a podcatcher such as: Juice, Doppler, or iTunes. The PodcatcherMatrix at www.podcatchermatrix.org is a good site for assistance in choosing a podcatcher that fits your needs.

Podcasts make it possible for you to listen to content how and when you choose. The Library has been offering podcasts of the Talking Book & Braille Library's Newsletter *Upstate Update* since Spring 2007. If you are interested in learning more about podcasts or want to develop one yourself, the Library has the following books available: *Podcast Academy: the Business Podcasting Book*; *Listen Up!: Podcasting for Schools and Libraries*; and *Podcasting 101 for Training and Development*.
